## FIZZY RED OF THE EARTH

A fizzy red beverage made from Grenache (79%) and Syrah (21%). Cherry red in color with a subtle fragrance of strawberry, rose petal and licorice, La Bulle-Moose is an elegant (and oh so intelligent) choice of beverage for virtually any occasion, including ingestion of sushi or barbecue or moosle-building, moosturizing, moostache-trimming, moosaic construction, etc. Particularly useful food pairings: moossaka, moozarella *crostini*, moosseline *de poisson*, *tarte au pamplemoose* and of course the classic chocolate moose. Enjoy its *ebullience*!
